CORRECTION

Correction: When Did *Carcharocles megalodon* Become Extinct? A New Analysis of the Fossil Record

The PLOS ONE Staff

In the Materials and Methods section, there are errors in the first and third equations of the section titled “Analysis.” The complete, correct first equation is:

$$\hat{T}_E = \sum_{i=1}^k w_i t_{n-i+1}$$

The complete, correct third equation is:

$$\Lambda_{ij} = \frac{\Gamma(2\hat{\nu} + i)\Gamma(\hat{\nu} + j)}{\Gamma(\hat{\nu} + i)\Gamma(j)} j \leq i$$
